

# BEST OUT OF WASTE WORKSHOP

*Eco Club*

*Indraprastha College for Women*

*University Of Delhi*

On 3<sup>th</sup> October 2016, Eco Club of Indraprastha College for Women hosted a Best out of waste workshop in the college premises for all Eco club members. The motive was to provide them with a platform to show their skills so that they could teach the same to other members and the same could be prepared for a stall by Eco club members in *Prakriti Bazaar*, Annual Mela for eco-friendly products by Eco Club.

Various products including handbags from old discarded scarfs, baskets from old waste cloth and cloth coasters were prepared during the workshop. In addition to these, various ideas were discussed which included paper mache bowls, wool string lights, candle stands from old books and newspaper, wall hangings from plastic bottles, etc.

Out of all the ideas, making of paper bags using old posters and newspapers was appreciated by all. The society coordinator also suggested to have a permanent sale of these bags which would be made available in the college campus since many students keep needing the same. The first order of fifteen bags was received the very first day which was placed by Dr. Gayatri Arun Kumar.

The idea of paper bags for everyday use and other eco-friendly products for stall in *Prakriti Bazaar* will be taken forward in the coming semester.
